

## XE 866 B

New to our range this year, this is one of the smallest Castelgarden riders: it features a single cutting blade and a 66 cm cutting deck which can be set for 6 different heights ranging from 30 to 80 mm to suit grass length or desired lawn finish. It is compact, manoeuvrable and attractive in design.

Powered by a reliable Briggs and Stratton 190cc engine this ride on lawnmower combines all the advantages of a ride on lawnmower with the performance of a lawn tractor. It is an electric key start with geared transmission and it features a large 150 litre grass collector. Thanks to its small dimensions it is manoeuvrable and compact, fitting through normal gateways and after use can be stored in a space saving way.

Five years limited domestic warranty.

Optional extras: Mulch Plug and Tow Hitch
